

THE TARIFFED TRUTH

Published on FIDEL Soldier of Ideas (<http://www.comandanteenjefe.org>)

"It is absolutely obvious that the United States will always try to put pressure on Cuba, as they do on the UN or any other public or private institution of the world. That is one of the features that characterizes the governments of that country; it would be impossible to expect otherwise from them. No wonder we have resisted for 54 years –and we'll continue to resist for any additional amount of time, if need be- relentlessly defending our country and confronting the criminal economic blockade imposed by the powerful empire."
